

3.3.1 - Extension activities are carried out in the neighborhood community, sensitizing students to social issues, for their holistic development, and impact thereof during the year

The diversified events comprising training programmes on career counselling, personality development, participation in competitive events, providing a learning platform to the students of the college with regard to their holistic development. The talent search events, cleanliness drives, cycle rallies on health issues have deep productive outcome as expected on those who participate. The blood donation drives and environment preservation measures, in trash disposal from the college campus and plantation in the area, and river cleaning, (including correct usage of water etc. as organised by NSS as a lecture)in connection with community is expected to make them conscientious citizens. Participation in College Elections, sports activities, events on gender issues has produced awareness due to which an absence of negative activities in the college campus regarding those can be still seen. NCC and NSS programmes have trained the students to be nationalistic, and devoted, by serving as volunteers in various social events (Durga Puja, etc.). Regarding social upliftment of the neighbourhood, teachers of the college have taken classes in the nearby schools (under MoUs and otherwise). Sexual issues and awareness about harassment contributes towards mental health of the students.
